

Wheelie Fantastic Cycle Tours

Mapua, Nelson

Cycle Tours around Nelson Tasman

Single and Multi-Day Cycle Tours around the Nelson Tasman region

The focus of Wheelie Fantastic is to create exceptional experiences. They are crafted by a small team with local knowledge. We have a passion for delivering authentic personalised services. Our bespoke products use The Great Taste Trail as well as other local routes. We specialise in luxury experiences with the associated level of service for our guests. All our tours can be adapted to suit a range of fitness levels. Our day and multi-day tours may be guided, premium guided or self-guided. The guides are the owners (Lisa and Nicky) and several other locals who we have carefully selected for their warm personalities and knowledge of the area. All of the Wheelie team love living in the area and we genuinely enjoy sharing the area with our guests. We have developed a range of products that help people feel great and enjoy their day, with the bicycle just one element that creates a memorable experience.

Day Rides

One Way Rides

If you want to see our favourite parts of the trail, take advantage of a one way ride! Take your time and relish the scenery, the coffee shops and galleries - ride by the sea or through quiet countryside. Take a look at the map and read about the different landscapes of the principal sections of the Trail.

Moutere Wine & Artisans

Wine and art - always a good combination! The region is full of interesting galleries and artists' and makers' studios and has many wineries of which we show you some of the highlights.

Mapua Magic Day Tour

There really is something magic about Mapua - its seaside location, a wharf full of shops and cafes and its location at the mouth of the Waimea Estuary. This package makes it easy to explore the village and the local area in a day.

Tasman Great Taste Trail with Back Road Adventures

A great way to experience a portion of the Trail and also some of the region's quiet and picturesque back roads.

Multi-Day Rides & Bespoke Day Rides?

Call on our extensive local knowledge and discuss with us what your perfect Day or Multiday Tour, including heli-biking looks like and we'll create a tour to suit your tastes.
