

Experience true off-roading by quad bike or 4WD vehicle, or explore the wilderness on foot on a guided walk. These are backcountry adventures through historic Skippers Canyon or Macetown exploring Lord of The Rings film locations, offering stunning scenery, local history and unique local stories. No coaches, no crowds: just pure adventure.

Nomad Safaris offers small, personalised tours into the New Zealand backcountry, exploring historic gold mining areas and a selection of filming locations used in The Lord of The Rings and other movies. Nomad Safaris has been operating for over 25 years and over that time has built up a fleet of 16 true off road vehicles, including Land Rover Defenders and Toyota Land Cruisers, making it the largest commercial fleet of Land Rover vehicles in New Zealand. Nomad Safaris' large fleet, combined with an ability to subcontract other vehicles means that we can comfortably manage Conference and Incentive groups of well over 150 people.

Nomad Safaris understand its activities can impact on the local environment and have taken the lead in minimising these impacts. Nomad Safaris is also Qualmark EnviroGold Endorsed and a triple winner at the NZ Tourism Awards.

## Routeburn Track Guided Day-Walk

The Routeburn Track in Mount Aspiring National Park is one of New Zealand's great walks. After a short drive from Queenstown to Glenorchy you set off hiking along a well-made trail through a 130 million year old magical world of ferns, mosses, lichens, waterfalls and beech forest. Enjoy spectacular mountain views and a rich variety of birdlife as you explore forgotten paths of the Maori and travel along their old greenstone trails, finding new enchantment around each corner. The Routeburn competes with the Milford Track as two of New Zealand's best hiking trails.

The Routeburn Track is an excellent walk for people interested in variety, lake river valley forests, mountain views, native birds or photography. Guided Walks New Zealand have been guiding this spectacular valley since 1868.
